Creating Your Profile

Prior to scheduling or taking an exam with Examity, you must complete your profile. To create or finish your Examity profile, please select the "My Profile" icon on the Examity dashboard.

You can create your profile in four simple steps:

1. Choose your time zone. **Please be advised**, your time zone must reflect the location in which you plan on testing.
2. Upload a picture of your ID. **Please note**, for verification purposes, you will need to bring this ID with you every time you take a test.
3. Select and answer three unique security questions.
4. Enter your biometric keystroke signature.
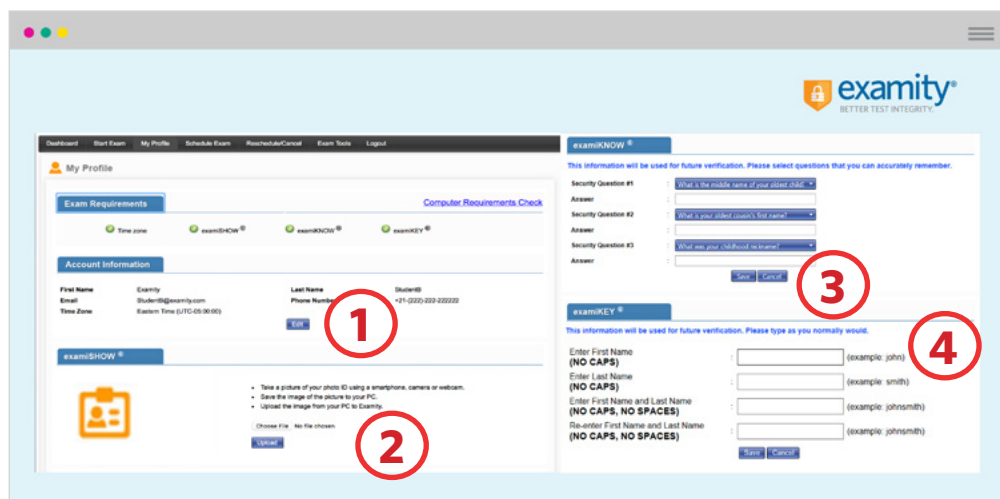

Once your profile is complete, you are strongly encouraged to run a computer requirements check. To complete check, click in the upper right-hand corner of the "My Profile" page. You should run the computer requirements check on the same machine you will be using to take the exam.

Locate your instructor, course, and exam in the drop-down menu. Next, select a date and time, and click "Schedule." If you are scheduling your exam within 24 hours, please confirm on-demand scheduling is adjusted to "on."
